REMARKS

Applicant has carefully reviewed the Application in light of the Notice of Allowance mailed on January 6, 2012 (hereinafter "the Office Action"). At the time of the Office Action, 9-11, 21-23, 33-35, and 37-43 were allowed. Any amendments are not the result of any Prior Art reference and, thus, do not narrow the scope of any of the claims. Furthermore, the amendments only further clarify subject matter already present. All of Applicant's amendments have been made only to advance prosecution in this case. Applicant respectfully requests reconsideration of the pending claims and favorable action in this case.

Accordingly, no new matter has been added by the amendment to the Drawings.

Amendments to the Specification and Abstract

Applicant has amended the Specification and Abstract to comply with the Examiner's requests.

Amendments to the Claims

The claims have been amended to reflect the Examiner's Amendments, as set forth in the Notice of Allowance dated January 6, 2012. All claims are now in condition for allowance.
